

PARDEE MEETS MANY FRIENDS.

Receives Flattering Assurances of Support on His Trip Through the Southern Counties.

Dr. George C. Pardee returned this morning from a flying trip through the Southern counties. As he chatted with his friends, he seemed in the best of spirits, his manner as well as his words conveying the impression that he had received many encouraging assurances down South.

At the headquarters here he found cheering news to greet him, for the tidings from up North are extremely favorable.

Dr. Pardee appears to be in excellent health.

"I get fat in a political campaign," he said with a laugh. "It seems like a tonic to my system to travel and talk. Should I get the nomination I will be in fine trim to canvass the State."

"How did you find things in the Southern counties?"

Better than I expected—from my standpoint, I visited Santa Clara, Santa Barbara, Santa Cruz, Los Angeles, San Diego, and Fresno. I also received direct information from Orange, San Bernardino and Riverside. I found substantial and influential friends wherever I went. I may say my welcome was a warm one for the weather as well as the friends was fervid. But if it was warm it was pleasant. I expect support in every county south of Tehachapi, and some of the Fresno delegation, possibly all before the end comes. I hardly think there will be a solid delegation for any single candidate in any county of Southern California save Ventura. In Los Angeles I called on Governor Dyer at his headquarters. There are having a very lively fight down there, as the Governor is putting forth strenuous efforts to secure a strong endorsement from his home county. But Los Angeles will not be solid in my opinion."

At the headquarters it was positively stated that the Humboldt delegation would have Pardee for second choice. Lake county will be for Pardee, and Napa county is expected to be, and a

PAID PENALTY OF HIS CRIME.

CHICAGO MAN MURDERED A GIRL AND GOES TO THE GALLIOWS.

CHICAGO, Aug. 8.—Louis G. Tomba was hanged at 11:25 today for the murder of Carrie Larsen. Tomba went to the gallows without a tremor. He protested his innocence and expressed confidence that his name would be cleared of the crime attributed to him. Death resulted from strangulation.

The crime for which Tomba paid the penalty was the murder of Carrie Larsen on the night of December 24 last year. Tomba was cook of the steamer Peerless and had hired the young woman to assist him on the boat, which was lying to be bound in its winter quarters in the Burlington slip of the Chicago river.

The only other occupant of the boat was Robert Keisig, a roanabout. It was the story of Keisig that convicted Tomba of one of the most horrible crimes ever discussed in this city. Late at night Keisig said Tomba had come to the steamer and had tried to force his way into the young woman's room. Failing of this, he ordered her to cook him a meal. As she started to comply Tomba strangled her, mutilated her body horribly and then compelled Keisig, who was an unwilling witness, to help him bury the body under the ice of the river. Several days after, the boy ran away to the police, fearing for his own life, and told the story, which resulted in the recovery of the body of the woman and the conviction of Tomba. Two trials were held. In the first, two jurors held out for acquittal. In the second trial a verdict of guilty was rendered after a deliberation of twenty minutes. A stay was granted and the Supreme Court was appealed to for a supersedeas.

SCAVENGERS WILL NOT REMOVE ANY GARBAGE.

Because three of their members were arrested yesterday for dumping refuse within the city limits, the scavengers from Union and private residences has refused to carry away the garbage from hotels and private residences. The members say they will not carry the refuse away until the city provides some place where they may deposit the refuse without being liable to arrest.

Already the Health Officer has received twenty complaints because refuse is lying in the yards of hotels and markets. He is powerless to do anything.

STANDARD REACHES FOR SAN FRANCISCO

Big Electric Company Trying to Break In Across the Bay.

SAN FRANCISCO, Aug. 8.—There are rumors in local stock circles of an effort being made to obtain control of three of the lesser light companies by the Standard Electric Company, which at considerable expense has brought the electric current from Tuolumne county to this city, via the loss of distributing the same at that and other points on the way. Though the company has been in the condition to furnish light and power to consumers in this city for several weeks, it has been made unable to do so for want of a local distributive system, as it has not yet been able to secure the necessary franchises for the transmission of the current.

The company has not cured to incur the expense for either, in view of the unsatisfactory condition of the lighting business in the city, incident to the heavy cut in rates.

WANTED TO SELL POWER.

The aim of the Standard Electric Company has been to sell its product to one of the existing companies. To this end negotiations were at first opened with the San Francisco Gas & Electric Company, and at one time it was thought a bargain would be effected. But that is no longer considered probable. The best evidence that such negotiations are broken off is the fact that the Standard Electric Company has recently arranged for an increase of generating power through the installation of additional and more powerful dynamos and the securing of two new sites for the distribution of light and power.

It is reported that the failure to effect a bargain was due to the question of cost, the company claiming that it could make the current cheaper than it could buy it.

WILL GET FOOTHOLD.

The Standard Electric Company is determined to get a foothold in this city, if not in one way then in another. It is now reported to be making a second trial in another direction. There are two small electric companies that control a considerable patronage in the heart of the business district.

There is also a small gas company with mains in good conducting sections. It is believed that many of the stockholders in these companies are anxious to dispose of their holdings. Their plans cover only a limited area, but it is all good ground. Their expenses are reduced to a minimum and yet they are not making money, owing to sharp competition.

It is reported that the Standard Electric Company will help them out of their difficulties.

These companies are the Central Light and Power, capitalized at \$700,000, in 70,000 shares, on which \$100,000 has been paid up; the Equitable Gas Company, capitalized at \$500,000, in 50,000 shares, of which \$100,000 has been paid up; and the Gas Company, capitalized at \$500,000, in 50,000 shares, of which \$100,000 has been paid up. The issued capital of the Equitable, \$500,000, is paid up.

PREPARING FOR THE PRIMARIES

COUNTY CLERK GETTING READY FOR THE ELECTION NEXT TUESDAY.

The Republican primaries of this county will be held next Tuesday. They will open at 9 o'clock in the morning and close at 4 o'clock in the evening.

A force of experienced and experienced has been at work today having the voting booths to the respective polling places, and putting them in position. This work will be continued until Monday night, when all the booths will be in position.

DISPROVED BY THE VATICAN

ROME, Aug. 8.—The selling by the Philippine friars of their lands to syndicates of laymen is disapproved at the Vatican. The friars are considered to be church property, inalienable without the consent of Rome. An investigation indicates that the Dominicans alone sold their lands. When the sales are definitely ascertained the friars will be obliged to return the amount received by them and reimburse the church.

OAKLAND GIRL IS ORDERED INTO CUSTODY

Emily Holz, the accused of Raphael Torres, an Oakland dancing master, was ordered into custody yesterday by Police Judge Morgan of San Francisco, because she refused to testify against the man. Judge Morgan intends to send her to a public institution.

KNOX GAVE AN UPPERCUT.

How Attorney General Manfully Resented an Insult to His Family.

OYSTER BAY, N. Y., Aug. 8.—President Roosevelt was exceptionally busy for a couple of hours today, disposing of an accumulation of public business. By luncheon time he had cleared away the official correspondence and was ready to receive the Attorney-General and Mrs. Knox, who arrived from New York about noon. They will be the guests of the President and Mrs. Roosevelt until tomorrow.

It is understood that Attorney-General Knox will sail shortly for Europe, there, in France, he will devote some attention to the Panama Canal question. It is probable that the proceedings looking to the determination of the ability of the new Panama Canal Company to pass a clear title of the property to the United States, will be conducted in the French courts. The President, upon whom the responsibility rests, will take no chances upon the results of extended litigation in which the United States might become involved if the property of the new Panama Canal Company were purchased before it had been determined judicially that the company possessed the absolute right to convey a clear title to this country.

To a representative of the Associated Press, Attorney-General Knox confirmed the report that he had had a personal difficulty with a party of men in Atlantic City last Wednesday night. "It was one of those disagreeable incidents," said he, "that sometimes occur in a restaurant or other public place. Accompanied by Mrs. Knox, my daughter and two or three friends, including District Attorney Youngs of Pittsburg, I was dining in the restaurant of the Gardner Hotel.

"A party of men, none of whom I knew, seated themselves at an adjacent table. Their conduct was unseemly and boisterous. They talked loudly and their comments upon members of my party and upon me were insulting to put it very mildly. In the circumstances, accompanied as I was by the ladies, I could not resent their actions or their words at that time. They evidently were seeking trouble, so without attracting more attention than possible, I got my party from the restaurant.

"Then I returned," continued Mr. Knox with a smile, "to see if the men really were looking for me. I think they were, for scarcely had I approached them when they sprang upon me. One of them aimed a blow at my stomach, but it failed to reach me. I have no idea who he was. What happened to him, I am not prepared to say. These things occur very quickly. I am quite satisfied, however, that he does not feel as well today as I do. You will note that I am looking first rate."

"You don't know who were in the party of your assailants?" the Attorney-General was asked.

"Not positively. I understand that Charles T. Schoen of Philadelphia, and one of the Cramps, also of Philadelphia was in the party, but of that I am not at all positive.

"What actuated them? I don't know. One newspaper of today said I had something to do with my attitude on the trust question, but that seems to be entirely unlikely. As they sat at the table in the restaurant, they made no reference to the action, which, as Attorney-General, I have taken against certain so-called trusts. Their remarks were personal to me and to my family and were of such a nature that I could do nothing but resent them. I understand that after I left the restaurant at the conclusion of the difference, the waiters suppressed the crowd with some energy."

The Attorney-General was evidently not in the least injured by his assailants and as he chatted about the trouble did not seem to regret it very seriously.

TWELFTH STREET DAM IMPROVEMENT A CERTAINTY

Mayor Barstow this morning affixed his signature to the ordinance passed by the City Council at its last meeting changing and establishing new curb grades on Twelfth street between Fallon and the Boulevard or what is commonly known as the Twelfth street dam.

This ordinance was passed by a unanimous vote of the Council and was signed promptly by the Mayor.

Mayor Barstow also created a new law when he signed the ordinance passed at the last meeting of the Council establishing separate funds representing the bonded obligations of the city and the several departments requiring municipal expenditures for the coming fiscal year.

KILLED UNCLE IN ORDER TO SAVE MOTHER

FOURTEEN-YEAR-OLD BOY FIRES FATAL SHOT AT DRUNKEN MAN.

CHICO, Cal., Aug. 8.—Walter Low is dead at the County Hospital, as a result of a bullet wound, received at the hands of his 14-year-old nephew, Elvin Freer, on July 24.

Low was drunk and was going to the home of his sister, Mrs. Freer, began quarreling with the members of the family. He finally attacked young Freer with a club, running him from the house.

Soon after young Freer heard his mother screaming and, securing a rifle, he ran in and shot Low in the back, inflicting a wound which proved fatal yesterday.

It is not believed the boy will be prosecuted.

LEPER COLONY ON GUAM.

VICTIMS WILL BE GATHERED IN ONE PLACE AND PRO- VIDED FOR.

WASHINGTON, Aug. 8.—The Navy Department has received a report from Commander Schroeder, Governor of the Island of Guam, saying that the leper colony he proposed to establish would be ready for occupation July 1st.

It was supposed that the lepers had all disappeared from Guam, but investigation developed that many victims had been secreted by their friends in various parts of the island, and Commander Schroeder determined that they should be gathered in one place to prevent the spread of the disease.

PHILADELPHIA TO TAKE SCHMIDT.

PHILADELPHIA'S STAR TWIRLER CAP- TURED BY AN EASTERN MANAGER.

DENVER, Aug. 8.—A telegram was received here today from Connie Mack, manager of the Philadelphia American League Baseball Club, announcing that he has closed deal for Pitcher Schmidt, of the Oakland Cal. team.

GAGE REPLIES TO CHARGES OF CALL.

Says He Will Prosecute Spreckels and Leake For Libel.

LOS ANGELES, Aug. 8.—The Examiner today publishes a statement quoting Governor Henry T. Gage as follows:

"According to the Call's own admission, its publication of August 5th, was made for the express purpose of attempting to defeat my re-nomination; and the publishers of that newspaper say they will keep on with similar work until the Republican primaries have taken place.

"The publication referred to is substantially a repetition of previous defamations and is a criminal libel upon me, and for which I shall prosecute both Messrs. Leake and Spreckels.

"In bringing the second complaint, I do not propose to have the trial conducted in any court selected by Messrs. Spreckels and Leake and Boardman; but as before, I shall cause the criminal complaint to be filed in this county of my residence, as the Constitution and laws provide."

"Not positively. I understand that Charles T. Schoen of Philadelphia, and one of the Cramps, also of Philadelphia was in the party, but of that I am not at all positive.

"What actuated them? I don't know. One newspaper of today said I had something to do with my attitude on the trust question, but that seems to be entirely unlikely. As they sat at the table in the restaurant, they made no reference to the action, which, as Attorney-General, I have taken against certain so-called trusts. Their remarks were personal to me and to my family and were of such a nature that I could do nothing but resent them. I understand that after I left the restaurant at the conclusion of the difference, the waiters suppressed the crowd with some energy."

The Attorney-General was evidently not in the least injured by his assailants and as he chatted about the trouble did not seem to regret it very seriously.

KING OF SPAIN WAS ALARMED

MADRID, Aug. 8.—Alarm was felt today during King Alfonso's journey from Oviedo to Leef. While the train was in a tunnel the doors of the King's saloon suddenly opened and were broken off.

The King, who was personally that the occurrence was accidental.

MILLIONS LOST BY FIRE

BATTLE CREEK, Wyo., Aug. 8.—Three miles of forest lands are burning heavily this morning from this fire. Hundreds of thousands of dollars of the forest lands in Wyoming are already destroyed, and unless the flames are checked by the rain the loss will reach millions.

CHANGES IN CORONATION.

Many Minor Events Will Be Dropped From the Original Program.

LONDON, Aug. 8.—A number of important changes in the coronation program were announced today.

The recognition in which the King is presented to the people by the Archbishop of Canterbury, as the "undoubted king of the realm" will be performed but once instead of four times as given in the official program.

The litany, which was to have followed the recognition will not be said, the sermon will be omitted and the Te Deum, which was placed in the order of the service after the presenting of the bible, will not be given at that time, but will be sung during the recess at the close of the coronation offices when the King visits St. Edward's Chapel.

Owing to the age of the Very Rev. George Granville Bradley, the dean of Westminster, who is 81 years old, the King has relieved him of the duty of placing the regalia upon the altar, and this service will be performed by Canon Duckworth, but the dean will pass the crown to the archbishop for the act of coronation, and will put the communion cup to the King.

Canon Duckworth will lay the amulla and spoon on the altar, will place upon his majesty the colobium sindonis and the superunicia, or the close pall of cloth of gold, and will deliver the spurs to the Lord Great Chamberlain, will take the King's sword from the altar and hand it to his majesty, will put upon the King's armilla and imperial mantle, will take the orb with the cross from the altar and deliver it to the archbishop for presentation to the King and will receive the orb from the King to be laid by him on the altar.

JAPANESE WILL TAKE CHARGE OF THE ISLAND.

HONOLULU, T. H., Aug. 2 (via San Francisco, Aug. 8).—According to the Honolulu men who are interested in the Marcus Island guano expedition against which Japan has sent a warship, as reported by the last advices received here from the States, the vessel which left here for the island carried a complement of 100 men, and had been instructed by the American flag on the island and kept it floating until compelled to haul it down. Captain A. Roschill, the discoverer of the island, was instructed to start a coconut tree on Marcus Island in 1883, in command of the expedition. The company's claim is based on this title, which is on record with the State Department at Washington.

No intimation that the vessel left here with any arms on board was given until the news was received that the Japanese Government had laid claim to the island and had dispatched a war vessel to land or use force to drive them away. Captain Roschill's instructions from the company are to inform the Japanese on Marcus Island that his expedition is a peaceful one for the purpose of making a scientific examination of the value of the guano deposits of the islands, and to attempt to make a peaceful landing. In the event that the Japanese still refuse to allow him to land, Roschill is to sail away out of sight of the island and report under cover of darkness, land an armed force and raise the American flag and keep it up until it is torn down by a superior force. At the same time the captain was told to avoid a conflict in every way possible.

In the event of his encountering a Japanese war vessel, the commander of the expedition was to present his credentials as the discoverer of the island and the agent of the Marcus Island Guano Company, and to state that the object of his expedition was to make a scientific examination of the island for the purpose of the expedition unless physically restrained.

It is thought that the schooner commanded by Roschill, the Julia E. Whalen, has arrived there by this time and that the Japanese vessel was there first. The Whalen has on board a crew of nine men and a cook, with Taddeo, a native of the island, and a few natives of Honolulu and T. F. Sedgwick of the United States Agricultural Station, who goes to make an examination of the guano deposits. According to Fitch there is no ammunition for all on board the schooner.

HONORS FOR THE DUKE OF MARLBOROUGH

LONDON, Aug. 8.—King Edward held an investiture at Buckingham Palace this afternoon and presented orders to a number of those included in the coronation honors, among them, the Order of the Garter to the Duke of Marlborough.

SAN LEANDRO MEN IN FIGHT.

THEY GIVE M. G. CAMACHO A SEVERE DRUBBING WHEN HE INTERFERED.

SAN LEANDRO, Aug. 8.—A lively fight occurred near the depot recently, which resulted in the arrest of Tony Elmo and Manuel Cordero, both of whom have been in the city for some time. M. G. Camacho is the complaining witness and from all appearances Camacho got decidedly the worst of the fight. It appears that an unknown man, who displayed a large knife in a threatening manner, a large knife, was attacked by Elmo and Cordero, who thought it their duty to chastise him. During the argument Camacho, who is a Mexican, saw that a fight was in progress and undertook to separate the combatants. As a result of his interference in the fight the Mexican escaped. Graciously charged of not being able to

complete their work on the Mexican, the fighters turned their attention to Camacho, who says that they treated him in a shameful manner. It is alleged that they knocked him down many times, kicked and struck him until he was badly beaten and hardly able to drag himself home. He says he will prosecute the men for the way in which they handled him and has begun by having them arrested on charges of battery. The case will come before Judge Quinn within a few days.

AT THE CANNERY.
The cannery will soon finish with apples for this season, after which peaches and pears will be canned. The company came a great many tons this year and expect to handle equally as large a pack of the other varieties of fruit before the season closes.

All the cottages at the cannery are still filled, the occupants having announced their intention of remaining here during the entire season. Most of these people are from other counties and were brought here, owing to the scarcity of labor in this district.

APPRAISERS APPOINTED.
L. C. McQuinn, Frank Storer and Daniel McCarthy have been appointed appraisers of the estate of Carmen Peralta Schwartz, an incompetent person.

MRS. NICHOLS IN TOWN.
Mrs. Jennie Nichols, State Superintendent of the Children's Rescue Society, was a recent visitor in San Leandro.

VISITING IN OAKLAND.
Miss Dorothy Markants of this place is visiting relatives in Oakland this week.

GOING TO SAN JOSE.
Mrs. C. R. Gibbons has gone to San

Jose, where she will visit friends for several days.

HAYWARDS VISITORS.
Marshall W. J. Ramage and F. I. Leino of Haywards were in San Leandro on business yesterday.

PINE CROP OF WALNUTS.
A fine crop of English walnuts will be secured at the Mulford place this season. The almonds, however, did not do as well this year as in the past.

VISIT IN SAN LEANDRO.
Miss A. Ramage and Alice Garretson, who are connected with the Haywards Postoffice, were recent visitors in San Leandro.

MORE GAS USED.
The capacity of the San Leandro Gas Company has been doubled during the past year. The record of last year showed that 350 feet of gas was manufactured, while this year it has taken 600 feet to supply the demand.

EUGENE LYNCH PETITIONS.
Eugene Lynch has petitioned the court to have property on the corner of Third and Webster streets, which was jointly owned by him, and Margaret Lynch, who died November 23, 1898, set aside to him, the property having been community property before the death of his wife.

THE SUPERVISORS.
The Board of Supervisors met yesterday. All the members were present. The matter of repairing bridges between Mt. Eden and Alameda was referred to Supervisors Talcott and Horner with power to act.

HAYWARDS WANTS FIRE PROTECTION

TOWN TRUSTEES MEET AND ROAST SAN LORENZO WATER COMPANY.

HAYWARDS, Aug. 8.—The principal topic of discussion at Wednesday night's meeting of the Town Trustees was the question of fire protection for the district on Castro street, between A and Gray streets. At a prior meeting of the Board the Clerk was instructed to address a communication to the San Lorenzo Water Company requesting them to put a six-inch main in the district named, as it was the opinion of the Board that the present three-inch main could not carry the necessary pressure to afford the proper fire protection for that end of Castro street, which is being rapidly built up.

The company made reply that they could not change the main, but would put in an extra hydrant and bring the pressure up to the same for the district in question. It was suggested by a member of the Board that the proposition of the company be accepted, as it would be much better to have two hydrants than the present condition. It was voted upon and the Board was evenly divided on the matter. Chairman Hayer then addressed the members on the subject. He said that all corporations were alike in this respect. They made many promises until they got their franchise, after which the requests of the people were given scant consideration. Another vote was taken on the question, and the majority favored accepting the proposition of the water company. This decision was not reached, however, until other members of the Board had given their opinions of the company.

Trustee Jones brought up the old question of the Castro street line, between A and B streets, where the Gaddell property has become an eyesore to the citizens of Haywards. He moved that the Town Attorney render his written opinion as to whether or not the fence and buildings could be moved back to the original property line instead of butting out on the street as they now do. The motion was carried and the matter will no doubt be settled at the next meeting of the Board.

The property in question is located in the central part of town and consists of a Chinese laundry and a large black fence covered with signs. The fence extends out some six or eight feet from the original property line, while within the past few weeks Mr. Gaddell has had an addition built on the laundry, which brings it out to the fence line. The collection of shacks and dirty fences has aroused a number of citizens to protest against the disheveled appearance it gives the street and an attempt will no doubt be made to have the shack and fence moved back. The matter came up several years ago, at which time the town won the property and the fence was established. The fence was moved back, however, and there is again promise of trouble before the matter is settled.

THOUGHT IT WAS MURDER.
Residents of the cannery district were awakened last night by the sound of rapid firing. Several men, thinking that possibly murder had been committed, sought refuge in the cannery and made careful search of the neighborhood.

It has since been learned that the shooting was done by Nick Borree, the bicycle rider. Borree, accompanied by a number of friends, was riding up a street, when a man passing in a buggy turned his horse in such a manner that Borree was run down. He was knocked from his wheel and escaped with the help of the horses' feet by rolling. The bicycle, however, was completely wrecked. The buggy passed over the wheel, crushing it out of shape. When Borree got to his feet he called to the driver of the buggy to stop, but the man only drove on. Borree then began firing a revolver in the air above the buggy in hopes of frightening the driver into stopping, but the driver was not frightened and continued on his way. Borree was then forced to follow the buggy in pursuit, but he failed to catch the buggy and was compelled to carry his broken bicycle back to town without ascertaining who had caused the trouble.

It is rumored that a number of residents of the neighborhood have threatened to have Borree arrested for discharging firearms within the town limits.

NATIVE DAUGHTERS MEET.
A meeting of the Native Daughters was held last night at the home of Mrs. J. E. Edson. Several committees were appointed and the meeting was a success.

FUNERAL OF FRED TROBERT.
The funeral of Fred Trobert, the 13-year-old boy who fell from a horse on Wednesday night and was killed, took place yesterday from the Presbyterian Church. The body was interred at Lone Tree Cemetery. Rev. Curry conducted the funeral services.

GRAND EXCURSION TO SALT LAKE CITY AND RETURN.

Account of meeting of Grand Lodge of the Benevolent Protective Order of Elks, August 12th, the Southern Pacific Company will sell round trip tickets for above occasion for \$31.50. SCHOLASTIC STANDARDS AT BERKELEY.

The pressure upon the income and accommodations of the State University has had one effect that no lover of good scholarship can deplore. Very likely the chief reason for making the examinations more difficult at this time was the necessity for taking some step to prevent the student body at Berkeley becoming too large and unwieldy to be properly handled under present conditions; nevertheless raising the standard of scholarship will add to the reputation and usefulness of the institution. A measure of economy has therefore been operated as a distinct gain for the University by elevating its scholastic standards.

Up to this time the University of California has maintained a higher standard of scholarship than any other institution of higher learning on the Pacific Coast, and now it has taken an enforced advance in the direction of greater thoroughness. Doubtless there will be some complaint at the examinations being made so hard, but the path of learning cannot be made easy by neglecting its requirements.

The growth of the University has been a marvel. Each year shows a considerable increase in the number of students. The attendance is now nearly 5,000, to say nothing of those matriculated at the affiliated colleges in San Francisco. The buildings and classes have become so overcrowded that it became imperative to check the rush for admission. The decision to exact a matriculation fee from students coming from outside the State had no apparent effect in checking the increase in the number of students. Hence it was decided to raise the standard of entrance examinations and to be more strict in matriculation work.

Of necessity this will compel a higher standard of scholarship in the high and other accredited schools. Thus the whole public school system of the State is moving to a higher plane of scholarship, a broader learning and more critical study.

SUPERVISORS AS EQUALIZERS.

Applications for reduction of assessments heard by the board.

The Supervisors yesterday met as a board of Equalization, and the assessment of the property of San Juan J. Gibbs on the south side of Seventh street was reduced from \$2,000 to \$1,000.

Henry Rogers asked for a reduction of the assessment on the Merritt House property at the corner of Twelfth and Franklin streets from \$2,000 to \$1,000.

Mr. Rogers said that the property for years had been assessed at \$17,000. There was no reason why it should be assessed so much more this year than it was last year, because it had not increased in value and rents were lower.

Deputy County Assessor Robinson said the valuation this year was made on the Twelfth street frontage, whereas in former years the assessment was made on the Franklin street frontage, which was not so valuable.

Mr. Rogers asked if all the property in that vicinity was assessed on the same plan, and Mr. Robinson said that it was so assessed.

Supervisor Rowe moved that the application be denied.

The motion prevailed, all the members of the board voting in the affirmative.

The assessment on the furniture in the Merritt House was cancelled, so far as Mr. Rogers was concerned, the applicant for the board of equalization said.

The assessment on the furniture in the Merritt House was cancelled, so far as Mr. Rogers was concerned, the applicant for the board of equalization said.

A TRUST BARON'S ANGER.

It can hardly be true that James J. Hill, the great railway magnate has undertaken to punish in a business way Senator Perkins because he supported the Chinese Exclusion bill. If Mr. Hill has really attempted to wreck a vengeance on Senator Perkins for doing what 95 per cent of his constituents desired him to do, it is an indication that the great trust lords have become so swollen with wealth and so besotted with power that they consider themselves superior to the people and the law.

A confirmation of the story would well nigh make the re-election of Mr. Perkins unanimous, and it would accentuate the growing belief that the arrogance and rapacity of the trusts should be curbed. Mr. Hill has heretofore been regarded as a very level-headed and conservative man, but he has recently shown signs of holding to the theory that the people were made for the trusts and not the trusts for the people. He has exhibited petulant anger because President Roosevelt instructed Attorney General Knox to test the legality of the Northern Pacific merger, and intimated that the President would be made to suffer politically for daring to question the boss of Mr. Hill and Mr. Morgan. If he is punishing Senators for doing their duty, it is a matter worth noting. But we are inclined to think that the story about Senator Perkins has given out of a business change that is without personal or political significance, for Mr. Hill must understand that he is sowing of the wind by such tactics.

A GREAT MORAL REFORM.

The Papal notification to the religious bosses that no more dispensations for consummated marriages will be granted is a wise step. It is stated that his Holiness was actuated by a desire to stop the dissemination of the Catholic royal family. It is possible that such a consideration had weight, but we are more inclined to believe that Leo's chief motive was a desire to promote morality and decency. The close intermarriage in some of the royal houses had become positively incestuous, marriages between uncles and nieces and double cousins being not infrequent. Those consummated marriages are an offense to the sentiment of the church and to modern conceptions of the purity of family life. Doubtless the Supreme Pontiff deemed the time propitious for putting a scandalous practice under the ban of the church. It is a reform that will be welcomed by all denominations as being in the interests of a higher morality and a better Christianity. Improvement of the scrofulous and blood-tainted royal breeds of Europe is a small matter compared to the declaration of the head of the Catholic church that even royalty itself cannot for family or state reasons violate the decencies of the domestic relation.

PROF. PUTZKER ON RELIGIOUS TOLERANCE

Editor TRIBUNE—Kindly give room to the following. At the banquet of the Fourth of July Committee I said: "It is delightful to think that in our country there exists, in principle, at least, perfect tolerance in religion. The whole Roman Catholic religion, the venerable Jewish religion stand with equal rights by the side of the other great creeds of humanity, and no man is asked before the law how he worships his God. And even the non-believer is tolerated and has only his own conscience as judge in this matter. Church and state here are independent of one another; no state religion is recognized. It is true that there may spring such a morbid movement among the people as the A. P. A. was, but common sense and justice assert themselves and such a movement can only be ephemeral. Other countries can learn much from our land in these respects. Very truly yours, ALFRED PUTZKER, Berkeley, August 7, 1902."

GOOD WORK OF POSTMASTER DARGIE.

Postmaster T. T. Dargie has issued a pocket folder which contains complete information about the arrival and departure of mails at the Oakland Post-office. The folder also gives information about postage rates, carriers, postoffice stations and other matter of interest to the general public. These folders can be secured by calling at the postoffice. Mr. Dargie now has everything in splendid order at the postoffice and the employees are all working in harmony.

YOUNG GIRL IS MISSING FROM HOME.

The police authorities are looking for 16-year-old Jessie Silva, who, her parents think, has been enticed from home.

HOSTETTERS
You need not suffer from Sick Headache, Biliousness, Flatulency, Indigestion, or Constipation if you will only take a dose of the Bitters before each meal. It will positively cure these diseases. Try it and see for yourself.

COMMITTEES ACT ON DAM PROJECT

TRANSFER MONEY FOR THE MUCH NEEDED IMPROVEMENT ON 12th STREET.

The Auditing and Finance Committee unanimously recommended the transfer of \$4,250 from the park and boulevard fund of 1901-1902 to the fiscal year 1902-1903.

This fund will be used in improving the Twelfth street dam in accordance with the ordinance passed last Monday night by the Council.

The entire sum appropriated by the Council was \$10,000.

The difference between the sum appropriated and the sum transferred will be made up from the funds of this fiscal year.

The resolution of doing the work was unanimously recommended for passage by the Council.

The committee also laid over the communication from Andrew Howell, advising a claim of the Contra Costa Water Company.

PERSONAL.

Mrs. R. W. Jessup, Miss Mary Jessup, G. W. Jessup, Mr. and Mrs. I. N. Merrill, Miss Millie Poote and Mr. and Mrs. H. G. Poote have returned from Mill Valley, where they have been spending the summer at Mira Monte cottage.

Mrs. Hayward G. Thomas and family returned from the Santa Cruz Mountains Tuesday.

F. Cudley (removed to 1243 Broadway, opp. Postoffice) receives work daily at the Latest Parisian Cleaning and Dyeing Works. Dry cleaning a specialty. Telephone Main 115.

SPUR TRACK AT ELMHURST.

NEW GROVE OF DRUIDS WILL INSTALL OFFICERS TONIGHT.

ELMHURST, Aug. 8.—Within a short time the spur track which is being extended from the main line to the Stone ranch at this place will be completed. The work was started some time ago, but has been somewhat delayed owing to the press of work on other contracts. The ranch has been built in need of this addition, which will do away with having to ship cattle from San Leandro, as had to be done in the past. The Stone Company have on hand a large number of railroad contracts which require the shipment of many supplies, tools, wagons and horses. These things can in the future be loaded at the ranch, where they are kept when not at work.

WILL INSTALL OFFICERS. The Elmhurst Grove of Druids will hold their public installation exercises tomorrow night at Red Men's Hall. It is expected that a large crowd will witness the ceremonies, as the lodge was organized but a few weeks ago and has already attracted considerable interest in local fraternal circles.

ALVARADO VISITOR. Miss P. M. Gifford of Alvarado was in Elmhurst yesterday. She has just returned from Seattle, where she has been visiting for some time and stopped here to visit friends.

GONE TO SANTA ROSA. Mrs. Olsen left recently for Santa Rosa, where she will remain for a time. AUSTON HAS RETURNED.

D. Auston, who has been camping in the mountains for about a month has returned to his home in Elmhurst.

WENT TO SAN FRANCISCO. Miss Cecelia Van Arsdale spent yesterday in San Francisco.

REPUBLICAN HEADQUARTERS. The Republican County Central Committee of Alameda County has established its headquarters at 1056 Broadway between Eleventh and Twelfth streets.

Dr. George C. Pardon, Alameda County's candidate for the Republican nomination for Governor, has his Oakland headquarters in rooms in the same building.

BERKELEY AND STATE UNIVERSITY.

Prof. Soule Says Harry Tracy was of Unsound Mind. Others Members of the Faculty Do Not Agree With Him.

THE TRIBUNE HAS OPENED A BRANCH OFFICE AT BERKELEY WHERE ADVERTISEMENTS, SUBSCRIPTIONS AND NEWS MAY BE LEFT. THE LOCATION IS 214 STANFORD PLACE; TELEPHONE DANA 31.

BERKELEY, Aug. 8.—That Harry Tracy, the outlaw and desperado, was insane is the opinion of Professor Frank Soule of the University of California, who has made a special study of penology and criminology in all its forms.

The reckless daring displayed by the outlaw, his bold cunning and his desperate resource were but the manifestation of an unbalanced mind and were no more the signs of bravery than walking upon the street or any other ordinary act of life would be in any other man.

Insanity is an extraordinary condition of mind, said Professor Soule in substance. The line between it and mere mental and moral depravity cannot be drawn with any more degree of certitude than the line between it and genius.

Tracy in his every act gives proof of the fact that to him the desperate chances which he was forced to take, the constant intimidation enforced by murder, his wild life devoid of comforts and even of necessities—all these were to him but ordinary events, producing an ordinary condition of mind. In so far as his mental condition was extraordinary and he was insane. This condition probably grew upon him. His reckless escape from prison is sufficient to give rise to a strong suspicion that even at the beginning his mental state was not altogether right.

The murder of the deputies, the assassination of Merrill, his thirst for notoriety and the absolute bravado with which he defied pursuit and ignored his own safety—all these go to show that his condition was not that of a normal man driven to desperate straits. To put it all in a word, Tracy was mentally unbalanced and in so far was unaccountable for his acts.

Professor Ritter of the Zoology Department takes a different view of the matter. The test of insanity, said Professor Ritter, is whether or not a man acts in a normal manner. In my opinion, in my view, Tracy was a normal man in all his acts, seeking his own self preservation.

Dr. W. Montague of the Philosophy Department is inclined to favor Professor Ritter's view. "In my opinion," he said, "Tracy was an ordinary brain sound mind. I see no reason for supposing him insane."

UNIVERSITY STUDENT FALLS HEIR TO \$3,000,000 ESTATE.

BERKELEY, Aug. 8.—Jose M. Castro, student in the Junior class at the State University, leaves on Monday for Concepcion, Chile, where he goes to take charge of an estate valued at \$3,000,000, bequeathed to him by his father, whose death occurred on June 14th.

Young Castro is enrolled in the College of Agriculture and is spoken of in the highest terms by his fellow students and instructors. In the opinion of Professor Hilgard, Dean of the College of Agriculture, he is the most enthusiastic and one of the best students of the department. He has taken his courses in the expectation of assisting his father in the management of several large stock farms and hence is now well qualified to conduct the estate in a satisfactory manner. Castro will leave on the steamship Guatemala. He expects to return to Berkeley after visiting in the estate and will then complete his course. He expects to be absent about a year.

The estate to which the young student has fallen heir consists of several large ranches, plentifully stocked with cattle, and flourishing business in agricultural implements.

CATHOLIC LADIES WILL ENTERTAIN TONIGHT.

BERKELEY, Aug. 8.—The Ladies' Aid Society of this city has prepared the following program, which will be given tonight at their entertainment in Shattuck Hall:

American Eagle March.....J. G. Boene

The proceeds of the entertainment go to the Catholic Church.

LIBRARIAN FILES REPORT FOR MONTH OF JULY.

BERKELEY, Aug. 8.—The report of Public Librarian Moore for the month of July is as follows:

Total number of visitors, 12,000; total circulation, 7,241; borrowers' cards, in force July 1, 1902, 2,011; issued during the month, 241; surrendered, 41; expired, 251; accessions to library by purchase, 117; gift, 15.

An interesting fact noted in the report dealing with the circulation is that 70 per cent of the total circulation consisted of fiction.

SWARMS OF GRASSHOPPERS APPEAR AT FRESNO.

BERKELEY, Aug. 8.—In response to a telephone message from Fresno, Professor C. W. Woodworth of the Entomological Department of the State University left yesterday for that city, where he goes to consult with the farmers of the district in regard to the grasshoppers, which are reported to be swarming upon

the fields from the mountains back of the city.

PROFESSOR SUFFERS INJURY BY FALLING TO FLOOR.

BERKELEY, Aug. 8.—Professor J. M. Wilson of the Irrigation Department of the State University, while standing in the First National Bank of this city yesterday afternoon, was suddenly seized with an attack of vertigo and fell to the floor, sustaining a severe scalp wound. Physicians were called and it is feared that the injuries may prove serious.

OVER THREE THOUSAND PUPILS IN BERKELEY SCHOOLS.

BERKELEY, Aug. 8.—The total enrollment in the public schools of Berkeley is 3,080. The enrollment in the different schools is as follows: McKinley, 519; Le Conte, 357; Lincoln, 338; Whittier, 231; Alston, 190; Rose, 182; Bancroft, 181; Hillside, 179; Commercial, 75; West Berkeley, 529; High school, 500; total, 3,080.

MRS. HEARST GIVES 123,456 TO COLLEGE SETTLEMENT.

BERKELEY, Aug. 8.—A large tennis court, the gift of Mrs. Phoebe Hearst, is being erected for the members of the College Settlement in West Berkeley. It is expected that it will be completed in time for the opening of the Settlement on Monday next.

BLACKSMITH BROWN ARRAIGNED IN JUSTICE EDGAR'S COURT.

BERKELEY, Aug. 8.—Chas. Brown, the 17-year-old boy who fired three shots at C. W. Lillard, the drug clerk who was escorting Miss Alice Turner home to protect her from Brown's attentions, was arraigned yesterday in Justice Edgar's court. The preliminary examination was set for tomorrow with bail at \$3,000.

Brown was accompanied in court by his mother, who had arisen from a sick bed for the first time in months to be with her son at his trial. As the family is without funds or friends, Brown was sent back to jail. In response to Edgar's questions the young boy showed a most profound ignorance of legal procedure. He did not know whether or not he was represented by counsel, and in fact did not know what a lawyer was. It is expected that Brown's defense will be there was no attempt to commit murder as he says that he fired

SPECIAL!

Everything Entirely New In Six Great Depts.

All Merchandise Departments Now Owned by Us, Except One.

The leases under which some of our departments were operated by different owners, have all expired, and the goods contained in those departments have been removed by the former lessees. The departments affected by these changes are:

Muslin Wear Millinery Corsets
Waist-Wrappers Girls' Suits
Suits and Cloaks Furniture Carpets

For months a corps of expert buyers have been in the leading markets of this country and Europe preparing for this change, and now we are ready with **everything new**. This consolidation will insure to the public the uniform and efficient management for which The Emporium stands.

The Wall Paper and Paint Department will be vacated by August 15th, leaving only the Oriental Bazaar under lease.

Millinery, Suits and Cloaks, Muslinwear, Girls' Suits, Furniture, Carpets.

The Emporium

over Lillard's head merely to frighten him. The warrant was sworn out by Deputy Marshal Howard, as Lillard himself was afraid to swear to the complaint.

PROFESSOR ANDERSON RETURNS FOR POLYTECHNIC SCHOOL.

BERKELEY, Aug. 8.—Professor Leroy Anderson, formerly instructor in dairying at the University of California returned on Wednesday night from a tour of the East, and left immediately for Santa Cruz where he went to consult P. A. Hixon, vice-president of the Board of Trustees of the new San Jose Polytechnic School, to the directorship of which Professor Anderson was recently elected.

It is intended to make the school something on the same plan as the agricultural college of the University of Wisconsin, where young men are taught the practical and everyday duties of the farm and stock raising. A meeting to be held in San Francisco next Wednesday, architects will submit plans for the new building. Of the \$500,000 appropriated for the school, about \$20,000 will be expended on building and about \$7,000 on a site.

MANY INSTITUTES PLANNED FOR SOUTHERN CALIFORNIA.

BERKELEY, Aug. 8.—On August 12th and 14th, the first of a long series of Farmers' Institutes will be held at

Pacific Grove. The institute will be under the direction of Professor George W. Shaw and Horticulturalist Arnold V. Steubenrauch. A week later institutes will be started in Santa Barbara county and later in Ventura, Los Angeles, San Diego, Orange, Riverside, and San Bernardino counties. The institutes will be under the general supervision of Professor Albert J. Cook, conductor of farmers' institutes in the south. He will be assisted by Professor Wood and Professor Wickson, of the Southern California Fruit Exchange; by T. C. Wallace of Riverside and by Dr. J. R. Hagness.

The complete itinerary is as follows: Carpenteers, August 18th and 19th; Golita, August 20th and 21st; Monterey, August 22nd and 23d; Oxnard, August 25th and 26th; Santa Paula, August 27th and 28th; Piru, August 29th; Fernando, August 30th; Lakeview, September 1st and 2d; Lemon Grove, September 3d and 4th; San Diego, September 5th and 6th; Tustin, September 8th and 9th; Westminster, September 10th and 11th; Fullerton, September 12th and 13th; Indio, September 15th and 16th; San Bernardino, September 17th and 18th; Lancaster, September 19th and 20th.

LADIES OF THE MACCABEES.

There will be special features this evening at the regular review of Olive No. 14, of the Ladies of the Maccabees. It has been whispered that more

than usual may be expected from the committee. There will also be the first reading of the new subordinate laws by-laws.

SPIRITUALISTS WILL NOT PAY LICENSE.

The ordinance introduced by Councilman Hartney amending the ordinance compelling spiritualists or spiritual mediums to pay a license was recommended to the City Council last night for passage by the Judiciary Committee of the Council.

The opinion of City Attorney Johnson was read stating that it would be in the nature of special legislation to exempt the California State Association of Spiritualists while taxing others of the same faith. Courtney's amendment strikes from the ordinance the words "spiritualists and spiritual mediums, thus exempting them from taxation and complying with the City Attorney's opinion. The other provisions of the ordinance relative to taxing mediums, fortune tellers and others who charge a fee for their services are not changed by Courtney's amendment.

"FORCE"

"Ever notice how a song will go with an audience if it arouses the memory of a pleasing taste?" asked the first-nighter.
"Take that little song on the New York roof. Goes something like this:
"Everybody's awful good to me.
Dunder know.
I'm as sweet as any girl can be.
Dunder know.
They took away my oatmeal.
But instead they gave me 'FORCE'.
Everybody's awful good to me."
"Tune's nothing extra; no sentiment; nothing particularly funny in it—yet every night the house goes wild. Only one way I can explain it. 'FORCE' is a mighty good breakfast food; has a dainty, delicate flavor, is crisp and flaky—just the kind of a dish that a man's glad to see when he sits down to breakfast from force of habit and not because he wants to eat. It leaves a mighty pleasant taste, and, to my mind, it's the memory of that pleasant taste that causes the audience to appreciate so thoroughly that little song." "FORCE" is a combination of the whole of the wheat and barley malt. Wheat contains all elements necessary for the sustenance and proper regulation of every organ of the body. It combines these elements in such proportion that no organ is overworked or under-exercised in the process of digestion and assimilation.
Because malt is blended with the whole of the wheat, "FORCE" is a perfect food for the overworked or under-exercised stomach, as well as for the stomach in perfect health. Malt is the best natural tonic. In the manufacture of "FORCE" various chemical changes take place in both the wheat and malt which ordinarily are brought about in the first stages of normal and healthy digestion. This food therefore, is quickly and easily assimilated, but still gives the various organs of the body sufficient exercise to keep them in perfect condition.
"FORCE" requires no cooking, and is delicious cold or warm.
